

COLOR-MATCHING PAINT CODES

PPG® Paints has provided SidingSafe™ paint formulations to match our Palight Trimboard Sand and Clay colors. Always tell your paint provider ahead of time that you need paint that is safe for use with PVC/vinyl!

COLOR-MATCHING CAULK/SEALANT CODES

Palram has partnered with OSI® and Color Rite® to offer tinted caulk/sealant that exactly matches our Palight Trimboard Sand & Clay colors. These sealants contain no silicone, so they are ideal for use with foam PVC like Palight Trimboard.

OSI and Color Rite caulks are available through lumber yards and building products dealers. Sizes range from 5.5 ounce tubes to 10 ounce cartridges. Some dealers may have them in stock; others may require a special order (often with a minimum order of a case of 12.)

COLOR-MATCHING FILL STICK CODES

Palram has partnered with Mohawk® to offer tinted, long-lasting wax-based Fil-Stiks® that match our Palight Trimboard Sand & Clay color trimboard.

These filler sticks are ideal for patching nail holes, dings and other small repairs to Palight Trimboard during installation. Fil-Stiks® are available through lumber yards and building products dealers. Some dealers may have the colors in stock; others may require a special order.
