Postwrap™ Trim Accessories

**POSTWRAP™ Trim Accessories**

Still milling profiles on the job site? Save time and money by using one of our ProFinish Profiles. (See chart at left for available sizes.)

**PALIGHT CORNERS**

Palight Corners are designed with appearance in mind. Corners with J-channels and nailing fins are available in two sizes: 3½" and 5½". The 5½" size is also available with no J-channel and hinged nailing fins.

**ProFinish™ Profiles**

Beautiful white decorative accents: Lightweight, strong, easy to cut, designed to last. Available in 16' lengths (brick mould in 18').

**Postwrap™ & Trim Accessories**

Palight PostWraps are flat packed and protected by cardboard to keep them clean until you're ready. The patented Wrap-n-Snap® design makes every installation a one-person job. Matching decorative trim kits (bed mould, base cap, crown mould) are available for all sizes of PostWraps.

**PAINTING**

Because Palight doesn’t absorb moisture, paints last 4-5 times longer than it does on wood. Just wipe with a cloth to remove dust, and start painting! Always use a “siding safe” paint with a Light Reflectance Value of 55 or higher.

**Cortex® Hidden Fastening System**

Still milling profiles on the job site? Save time and money by using one of our ProFinish Profiles. (See chart at left for available sizes.)

- **Skirt Board**
- **J Channel + Window Fin Relief**
- **PostWrap™ Trim Accessories**
- **Bead Board**
- **3.5" J-channel Corner**
- **5.5" J-channel Corner**
- **5.5" with hinged Nailing Fins**

**ProFinish Mouldings**

Beautiful white decorative accents: Lightweight, strong, easy to cut, designed to last. Available in 16' lengths (brick mould in 18').

ALL PVC TRIMBOARD IS NOT CREATED EQUAL.

SEE INSIDE FOR PALIGHT’S MANY ADVANTAGES OVER THE COMPETITION.
The Many Advantages of PALIGHT® Trimboard

- Expands 23% less than most competitors
- Truly reversible wood grain/smooth has protective film on both sides
- Free foam technology provides clean, uniform edges — and will not chip when cutting
- Paint-ready surface requires no special preparation or cleaning — just wipe with a damp rag
- Advanced core structure means superior milling, routing, turning, bending and other fabrication techniques
- 30-year limited transferable warranty

---

EverClean™ Protective Film

- Rot, mold and insect resistant
- Virtually waterproof
- Direct contact with masonry
- Resistant to splitting, cupping, warping
- No pre-drilling required
- Self-extinguishing in a fire
- Does not require paint, stain or varnish for weather protection
- 30-year transferable warranty
- Heat bending in advance or on the job
- Wide selection of available dimensions
- Weatherability and UV protection built-in
- Smooth sealed edges, easy to wipe clean
- Protective release film
- Two finishes: Smooth or reversible wood grain/smooth

---

Why Choose PALIGHT® over Wood?

- Rot, mold and insect resistant
- Virtually waterproof
- Direct contact with masonry
- Resistant to splitting, cupping, warping
- No pre-drilling required
- Self-extinguishing in a fire
- Does not require paint, stain or varnish for weather protection
- 30-year transferable warranty
- Heat bending in advance or on the job
- Wide selection of available dimensions
- Weatherability and UV protection built-in
- Smooth sealed edges, easy to wipe clean
- Protective release film
- Two finishes: Smooth or reversible wood grain/smooth

KEEP IT CLEAN UNTIL THE JOB IS DONE.™

IT’S A ROUGH JOURNEY FROM MANUFACTURING THROUGH INSTALLATION.

That’s why back in 2006, Palight became the first trimboard with a protective film. We call it EverClean™ — and you can think of it as built-in masking.

- EverClean Film is standard on Palight Trimboard. Leave the film in place for up to 30 days after installation.
- The unique laminated design eliminates ink transfer to other boards, unlike competitors’ films.
- EverClean is thicker than the competition. This means fewer tears and less board damage.
- We use a stronger film adhesive. This minimizes peeling, but the film is still easy to remove.

---

"I’ve been building decks for 27 years. Over that time, products have come and gone for decking and railing. But there’s one product we insist on for our trim, and it’s Palight Trimboard."

— Ray Steward
RWS Decking

WATCH Ray’s testimonial at PalightTrimboard.com

"Using Palight’s pre-milled trimboard, I didn’t have to pull out the table saw, which was a big help. And I didn’t have nearly as much cleanup. Profinish Profiles saved me time and money so I could get to the next job faster."

— Ryan LeBon
Breyer Construction & Landscaping
