Overview

The PALSUN family of flat solid polycarbonate product includes: Basic, UV-Protected, and Specialty Sheets. Palsun offers glass-like clarity at less than half the weight of glass, combined with unmatched impact resistance.

PALSUN can be cold bent, fabricated or formed, making it ideal for applications such as sign faces, barrel vault roofing, roof skylights, architectural roofing and glazing. Clear, translucent or opaque, PALSUN sheets are also ideal as machine guards, sound barriers, and safety glazing.

Main Benefits

- High impact resistance—virtually unbreakable
- High clarity and light transmission
- Wide service temperature range
- Good acoustical insulation
- Lightweight
- Easy to handle and install
- Versatile, formable, and machinable
- UV and Specialty Sheet Series products offer exceptional weather and UV resistance

Typical Applications

**BASIC SERIES (NO UV)**
- Interior safety glazing & machine guards
- Fabricated parts
- POP Displays

**UV SERIES (W/UV PROTECTION)**
- Exterior flat & thermoformed sign faces
- Skylights and architectural glazing
- Outdoor enclosures such as bus stops

**SPECIALTY SHEET SERIES (GENERALLY W/UV)**
- Windshields for golf carts and low speed vehicles
- Glazing in boats, trains, buses, military vehicles, and planes

For additional protection in these applications, consider PALGARD®, a PALSUN polycarbonate substrate with an abrasion resistant coating.

Change in Yellowness Index as Function of QUV Exposure Hours
