PALTOP™
Corrugated Foamed PVC Sheet

Overview
PALTOP offers a cost-efficient solution for lightweight exterior roofing applications. It has a built-in ability to withstand all weather conditions.

PALTOP also has a smooth and attractive appearance, and offered in black or a range of vivid, non-fading colors. Its good impact resistance and low weight makes PALTOP easy to handle and ideal for a variety of roofing applications around the house.

Main Benefits
- Ideal for lightweight roofing
- Good impact resistance
- Suitable for all weather conditions
- Suitable for curved roofing
- Colors will not fade
- Provides thermal insulation
- Environmentally friendly - Does not contain any heavy metals
- 5 year warranty
- User friendly - Easy to install

Typical Application
- Lightweight roofing
- Awnings
- Pergolas
- Private parking
- Sheds

PALTOP™ is lead free and does not contain any other heavy metals.

* Heat Buildup = The increase of temperature that the product is able to withstand on top of the environment’s temperature. In the test, 12x12 cm samples of PALTOP were exposed to IR2 250W lamp at a 30cm distance.

**Warranty**

PALTOP sheets are guaranteed to resist breakage for 5 years in accordance with DIN EN 1013-3. PALTOP will also retain its fire resistance and weatherability for a long period. This warranty will only be valid if PALTOP is handled, stored, cleaned, installed and maintained in accordance with Palrams guidelines.

**Weatherability**

Improved weather resistance makes PALTOP suitable for exterior applications in all climates.
